Serving Global Energy Industry through Quality and Trust

Resonance Energy Private Limited

Consulting | Design & Engineering | O&M | Advisory | Research | Conference

About Us

Resonance Energy Private Limited a vertically integrated energy company established in the year 2008 and emerged as one of the most innovative entity in energy sector. The business modus operandi is to create and nourish relationships with customers by providing value added services to their satisfaction.

Vision

To be a responsible, respectable and recognizable global energy company providing value to all stake holders

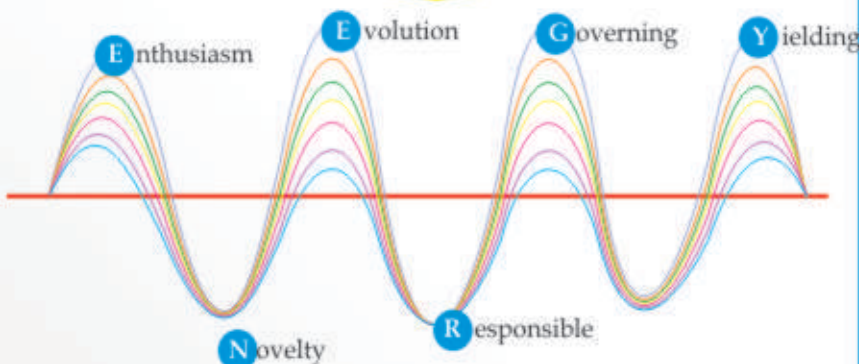

Mission

Pursuing Innovations through knowledge and technology to provide solutions along energy value chain adhering to world class standards, respecting employees, environment, and public.

Services

- ◆ Market Research
- ◆ Detailed Feasibility Study- Pipeline, CGD & Bio Gas
- ◆ Project Management Consultancy
- ◆ Design & Engineering
- ◆ Procurement & Inspection
- ◆ Project Commissioning
- ◆ Operation & Maintenance
- ◆ Technical Due Diligence
- ◆ Integrity Assessment for Pipeline & CGD
- ◆ LNG/Gas Sourcing & Contract Evaluation
- ◆ Conferences, Workshops & Minimax Master Class
- ◆ Technical & Management Training (in house & Client Site)
- ◆ Policy & Regulatory advisory

VALUES

Core Team

Major Projects

Commissioning, Operation and Maintenance

- + Dabhol Bangalore Natural Gas Pipeline (42" Dia, 1400 km long)- Punj Lloyd Ltd.
- + Oil and Gas Producing Field service- KG Basin KEI RSOS Petroleum and Energy Private Limited
- + Bio Gas Plant- Option Energy Pvt Ltd
- + City Gas Project- Mathura
- + Vijaypur-Kota Natural Gas Pipeline- Punj Llyod

Bid Advisory and Market Survey

- + For Cities under various bidding round of PNGRB
- + Pipeline Bidding round of PNGRB
- + Bio Gas Potential in Mathura, Vrindavan, Barsana
- + Gas Supply with LNG By Tanker Prospects in Uttarakhand
- + CNG Potential in India

Engineering & Project Management Consultancy (EPMC) Service

- + City Gas Project – Sawanriya Gas Mathura
- + Gas Supply System- Associated Industries Oman
- + FSRU based LNG project-LNG Bharat
- + Ennore-Nellore Pipeline- KEI-RSOS Petroleum and Energy Private Limited
- + City Gas Project- Maharashtra Natural Gas Limited

Project Feasibility and other reports

- + Wind-Power Prospector in India- Asiatic Gas Holding Group Bahamas
- + Long Term Natural Gas Demand in India- Indian Oil Corporation
- + LNG Introduction to Sri Lanka- Japan Aided Project
- + Business Plan for Biogas Plant- Option Energy Pvt Ltd.
- + Gas Monetization from Isolated Marginal Field- Indian Gas Industry

Technical Due Diligence

- + Tripura Natural Gas- IGL/SBICAPs
- + Maharashtra Natural Gas- IGL/SBICAPs
- + Kota City Gas Project – GAIL Gas/CRISIL
- + Sanawariya Gas- SBICAPs
- + Tripura Natural Gas- MGL/CRISIL
- + Aavantika Gas- CRISIL

MiniMax Master Class and Conferences

- + City Gas Distribution
- + LNG Business
- + Gas/Energy Trading and Hedging
- + Legal Issues in Hydrocarbon Industry
- + International Safety Conference
- + Fuel Sourcing for Power Generation
- + National Conference on Bio Gas

International Business

- + Wind Energy Potential in India - Asiatic Gas Holding Group Bahamas
- + Renewable Prospects in India- Energy Infrastructure Group Sweden
- + Market Study for Sourcing P/L Component- Mitsubishi, Japan
- + Hydrocarbon Exploration Services- Silver Wave Energy Pte Ltd. Myanmar
- + Gas Supply System Project consultancy - Associated Industries Oman
- + Indian Market Support- George Fischer Switzerland
- + Business Support - Advantica Company UK
- + LNG Introduction to Sri Lank- Japan Aided Project
- + Pipeline Opportunities in India- JFE Environmental Solutions Corporation Japan
- + Smart Meter Solution- Smart Card Inc. USA
